6 June 2014

To Whom It May Concern:

This letter is my personal recommendation for Bryan Cancel to obtain a job in an Information Technology or Computer Science field.

Bryan completed a student internship at The University of Texas Pan-American in the Information Technology Communications Office for 5 months during the 2014 spring semester. Bryan proved to be a self-driven, fast learner, resourceful, and creative intern. He approached ad-hoc projects and assignments with strong dedication and commitment.

Bryan has the people skills to work collaboratively with others to perform his assignments quickly and effectively.

I highly recommend Bryan as he has demonstrated his ability to work in a fast moving and ever growing environment.

Below is my contact information if you need any other information or have any questions regarding Bryan.

Sincerely,

Irma Hermida

IT Communications Coordinator

Division of Information Technology

The University of Texas - Pan American
